A periodic report from the Los Angeles State and County Arboretum to the members of the California Arboretum Foundation, Inc. Arcadia, California

APRIL 1967

ANNUAL MEMBERSHIP MEETING

The Annual Membership Meeting will be held Tuesday, May 16, 1967. The meeting convenes at 2:00 P.M. in the Lecture Hall of the Arboretum. Reports of the past years activities and accomplishments will be given. As a member of the Foundation this is an opportunity to know how much your interest and membership supports the Foundation's purposes and sponsorship of the Arboretum.

We feel most fortunate to present Dr. Nicholas T. Mirov, Research Associate, Department of Geography, University of California, Berkeley, as our guest speaker. He will speak on the "Horticultural Value of Pines" illustrated with colored slides.

Dr. Mirov was associated with the Pacific Southwest Forest and Range Experiment Station of the U. S. Forest Service for 30 years as a plant physiologist. He is the recipient of the first gold medal for research from the U. S. Department of Agriculture, the Award for Achievement in Biological Research by the Society of American Foresters, as well as research grants from the Rockefeller and Ford Foundations. His many publications include a Russian geography textbook which he used for many years in teaching at the University of California Geography Department.

Following adjournment of the meeting, "Open House" will be held in the new Peacock Pavilion, refreshments in the Home Demonstration Gardens and plant distribution. (Be sure and bring your paid-up membership card.)

As members of the California Arboretum Foundation, Incorporated this is YOUR meeting and your Board of Trustees and the Foundation staff will be looking forward to greeting you.

Dear Member of Las Voluntarias:

Fall is fast approaching and we hasten to send you an invitation to attend our Training Program which is a requisite for active membership in our official hostess group for the Arboretum Historical Center. The Charter Members have now completed eight successful and exciting months of service to the Arboretum and we look forward to the time when you will join one of our three sub-groups to: 1) give guided tours of the Historical Section to school groups; 2) catalog and repair the historical possessions; 3) fix fresh bouquets and clean the Queen Anne Cottage and Hugo Reid Adobe every week to delight the eyes of visitors.

The Training Program will be held the five Monday mornings of October from 9:30 a.m. to 12:00 noon and there will be luncheon meetings the first two Mondays in November. All October meetings will be held at the Arboretum. On November sixth we will make a field trip to the Adobe de Palomares in Pomona for a tour and picnic lunch with the Curator. The final meeting, November thirteenth, will be a festive luncheon at the Arboretum given by the old members of Las Voluntarias for new members and representative members of the Arboretum staff with whom we work throughout the year.

The course will cover all sections of the Arboretum with particular emphasis on the Historical Section. Anyone wishing to linger after class for lunch and further discussion in the Peacock Pavilion will be very welcome. Many of the Charter Members have elected to take this second training program with you.

If you wish to join us and take the Training Program, please contact the Membership Chairman of Las Voluntarias (c/o California Arboretum Foundation, 301 North Baldwin Avenue, Arcadia, California 91006) by September 15. Looking forward to seeing you in October.

Alice Douglas
Membership Chairman
